1:00 – 3:00 pm  
Kincardine Municipal Administration Centre  
1475 Concession 5

The Municipality of Kincardine, the Township of Huron- Kinloss and the Municipality of Arran-Elderslie (the municipalities) invite you to attend a Community Open House for the Natural Gas Supply Project (Project).

The municipalities have been investigating the feasibility of developing a natural gas supply to the constituents of the municipalities. To supply the gas a number of options are being considered. Councils of the municipalities have agreed to create a service corporation to advance the extension of a natural gas service to this region of Ontario. In accordance with Regulation 599/06 under the Municipal Act, the municipalities must consult with the public about the proposal to establish the corporation before establishing the corporation.

The Open House will provide information about potential alternatives to deliver natural gas to the municipalities, environmental constraints and regulatory requirements. Representatives from the municipalities, AMEC Environment and Infrastructure (AMEC) and Energy Fundamentals Group (EFG) will be in attendance to discuss the Project, answer questions and record any comments. Your feedback is valued and welcomed at the Open House or at any other point throughout the process. For those interested about receiving information about the Project, a sign-up sheet will be available.

Sessions are being held in each municipality involved, however, you are welcome to attend any of the sessions.

Please direct any enquiries, comments or requests regarding the Project to:

Donna MacDougall  
Clerk
