---

## NWCAC Meeting

### 1 Call to Order

Deputy Mayor Wilf Gamble called the meeting to order at 7:00pm. He welcomed the Huron-Kinloss Nuclear Waste Community Advisory Committee and in the spirit of reconciliation, he recognized the traditional territory to the Saugeen First Nation and the Chippewas of Nawash First Nation.

### 2 . Adoption of the Minutes

#### 2.1 NWCAC September 4, 2018 Minutes

THAT the Nuclear Waste Community Advisory Committee hereby adopts the September 4, 2018 NWCAC minutes as written.

- [NWCAC September 4, 2018 Meeting Minutes](#)

Motion No: 56

Moved by: Dianne Heinisch Seconded by: David Grant

THAT the Nuclear Waste Community Advisory Committee hereby adopts the September 4, 2018 NWCAC minutes as written.

Carried

### 3 . Delegations

#### 3.1 SHAD Youth Enrichment Program Presentation

7:00 PM - SHAD Youth Enrichment Program Presentation. SHAD is a STEM entrepreneurship based enrichment program where participants live at a host university campus outside their hometown, while engaging in experiential learning, sociocultural activities and community building. SHAD Outreach Lead Jess Tang will provide more information on SHAD and how they hope to offer this opportunity to Huron-Kinloss students.

- [SHAD Presentation](#)

Comments: Jess provided a well-informed presentation on what SHAD is and explained the application process, the benefits for participants, the universities that participate in this program and payment options Jess did a presentation at Walkerton District Secondary School and will return on Oct. 22 to speak to students at F.E.Madill Secondary School in Wingham. The Township project coordinator arranged for a media interview with Jess and the Kincardine Independent on Oct. 2.

#### 3.2 The Journey of Water – Teachings from Mother Earth about Water and Clay.

Nuclear Waste Management Organization (NWMO) Section Manager, Siting Safety Assessment Erik Kremer and NWMO Senior Advisor, Indigenous Knowledge Jessica Perritt, will present “The Journey of Water – Teachings from Mother Earth about Water and Clay.” This presentation will focus on how NWMO is learning from nature about the unique relationship between water and clay and how that applies to the long-term care of Canada’s used nuclear fuel.

This is the second part of the Journey of Water presentation series from NWMO. In April 2018, NWCAC heard Journey of Water presented by Andre Vorauer, NWMO Senior Technical Specialist for Site Investigations.

- [The Journey of Water - Part 2](#)

Comments: Jessica and Erik gave a very informative presentation about the journey of water underground and the length of time it can take it to travel through rock and clay. This was the second part to the Journey of Water presentations from NWMO. The NWCAC heard the Journey of Water – Part One in April 2018. Jessica asked the committee to provide any feedback and offer suggestions on what they would like to learn more about for Part 3.

### 4 . Correspondence

#### 4.1 Nothing Scheduled

### 5 . Staff Reports

#### 5.1 [Report number: NWCAC2018-10-17](#) prepared by Elyse Dewar, Project Coordinator NWMO's Response to Symposium Questions
