

Notice to Landowners within the Township of Huron-Kinloss

Open House

Zoning By-law Comprehensive Review

Thursday June 1, 2017

Open House 6:00 p.m.

MHBC Presentation 7:00 p.m.

Ripley Huron Community Centre

The Township of Huron-Kinloss has begun the process of completing a comprehensive review of its Zoning By-law.

The Zoning By-law is a legal document that specifies how land can be used through regulations (property setbacks, building heights etc.) and permissions (residential, commercial, agricultural, etc). The Township's current bylaw is 16 years old and requires an update as a result of the recent approval of the Township's new Official Plan in 2016. The comprehensive review will also ensure the Zoning By-law reflects current practices, changes to provincial policy, and supports the strategic directions of the Township.

MHBC Planning consultants will be in attendance to discuss the comprehensive review process, review preliminary issues, and obtain public input.

For further information or to provide comments please attend
the open house or contact:
